

Hungry caterpillar

June 8, 2011

DESCRIPTION OF ACTIVITIES:

The baby's had an amazing time today, making their Feelie Caterpillar with foil paper, tissue paper, felt, and foam. All of them loved the foil paper. 😊 It made noise when they crumpled it up. They also had lots of fun with the felt board story "The very hungry caterpillar". Then we went to relax in our reading corner with Aidan's book "Eency Weency Spider" Where they listen to the little music that came with the story.

OUTCOMES:

- We had fun exploring with textures today
- Literacy and language * the very hungry caterpillar & Eency Weency Spider*
- Fine motor skills- while making their Feelie Caterpillar
