

# Creepy crawlers

June 8, 2011

## DESCRIPTION OF ACTIVITIES:

What a beautiful day today!!!! For our art activity this morning we made spiders out of pretzels and marshmallows. Sadly most of our spiders did not survive ☹ We decided to take our circle time outside. We played with Jolene's Crazy Cube again. We were having lots of fun. Some of the activities on our cube were buzzing around like a bee, fluttering like a butterfly, and if I could be a bug...I would be a ... . We also played Mosquito tag. We found lots of bugs outside.

## OUTCOMES:

- Gross motor skills - running around outside pretending to be bugs.
- Fine motor skills – Sticking our pretzels into our marshmallows.
- Math- Counting out 2 marshmallows and 9 pretzels for every child.
- Songs/ Finger plays – We sang the Itsy Bitsy Spider.
- Science – Looking at bugs, naming bugs.
- Plus we got to bake muffins and have a picnic...but we forgot to invite the ants ☺
